## About Me

As a programmer I am a senior full stack developer and I have 15+ years experiences in the software development. In the past I have done many projects and I like challenge projects.

Also I have 5+ years team manager experiences and I like developing and managing programming.

I also teach many students in my country about the programming language.

Let's discuss with me and I am welcome everybody.

## Education

Shanghai University | 2010
